**Subject:** North Coast Video on Salmon's return

Joe and Phil, I'm sending this to you to give you a break from the drudgery of the daily grind. It is a 10 minute video on the return of salmon fishing on the north coast, and what it means to the towns and people. I found it grounding for me, who works all day on the water issues, but seldom get to the coast to see and hear the people that are directly connected to our fisheries. I think you'll find it 10 minutes well spent. It's great to see after all the tough years for them.
